

**40% OFF**

**First 5 Antibodies/Zombie Dyes!**

☀ Exclusive Promotion for Panel Design Workshop Attendees ☀

## Enhance Your Flow Cytometry Experiments

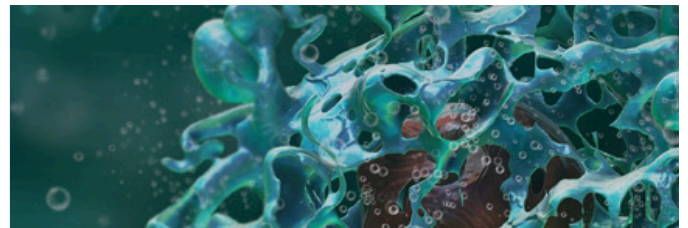

BioLegend offers high-quality antibodies and Zombie dyes that support a variety of applications in flow cytometry.

### Antibodies for Flow Cytometry

Discover our extensive portfolio of primary and secondary antibodies and reagents. Designed with your research needs in mind, we offer antibody solutions in a variety of formats and species across applications.

[Learn more >>](#)

### Zombie Dyes

It is critical to understand the degree of cell death in any flow cytometry assay and exclude those cells from the analysis. We provide Zombie dyes that can stain dead cells. Not sure which Zombie dye is right for you?
